

fo.Q SB-2025

Pair of audio boards for small speakers with a multilayer structure consisting of organic polymer hybrid vibration damping sheets, advanced hybrid ceramics, and wood. It beautifully stretches fine highs, and thickens mid to low-range sounds. Listen to music the way your audio system was meant to play it, making the audio fluid and eliminating muddiness.

Product specifications

Size	200 (W) × 250 (D) × 11 (H) mm
Weight	700g
Load Resistance	20kg
Accessories	32mmΦ damping spacer
